Middlebury, Aug. 30.—The weather here
morning was ominous and threatening
of rain, but none fell and by the middle
of the forenoon the skies had cleared up
and except for brief intervals, remained
clear during the rest of the day.

The people began to arrive early and
came by train loads from the north and
south, and all the forenoon there was a
continuous stream of teams pouring into
town from all the surrounding towns.
The village streets were crowded with
people all the forenoon. This afternoon
at two o'clock the crowd on the grounds
was variously estimated at from 12,000
to 15,000. The former estimate is a
conservative one and of the people on
the grounds fully 5,000 were in the grand
stand, which was full to the utmost limit
of its capacity when the events of the
afternoon were started.

The principle articles of the programme
in the fore part of the day were the
cavalade of all the horses and cattle
entered for premiums before the Judges
and grand stands on the track and the
exhibition of the matched and single
drivers for examination by the Judges.
These features of the forenoon attracted
large numbers of spectators, but the
feature that drew the largest attendance
was the game of ball between the Middle-
bury and high school and Bristol lines.
It was a hot game under a scorching sun
and Bristol won by a score of 2 to 1. The
only "Dad" Drake held Bristol out
during the first few innings and made
all the runs in the first three
innings. To-morrow Middlebury high
will play the Proctor team.

One of the attractions of the fair which
is visited by many people is the tent
containing a score or so of ball calves
of various ages exhibited in competition for
15 in special premiums for boys by Presi-
dent John E. Weeks. This tent is all the
time crowded.

ARRIVAL OF THE GOVERNOR.

Gov. C. J. Bell and Mrs. Bell arrived
in town this morning and at 10:30 o'clock
were escorted in carriages to the grounds
by the Vergennes band, headed by Chief
Marshal T. M. Chapman and his assistants.
Governor Bell received a hearty
welcome as usual in Middlebury.

The many side shows and other at-
tractions in the amusement line were at-
tended by large numbers of visitors dur-
ing the day, as they were on yesterday,
and they did a truly rushing business.
The farm machine exhibits in Mechanic
hall and the sheep, poultry and swine
houses, as well as the cattle and horse
pens, were thronged with visitors all day.
One of the special features of the after-
noon was the appearance on the track
of the venerable Charles Taylor of White
River Junction, 90 years old December
25, 1905. Mr. Taylor appeared hale and
 hearty and did not look much over 20 years
of his undoubted 90. He drove his horse
Robert B., record 2:12, an exhibition half
mile and will repeat the performance to-
morrow afternoon. The performances on
the stage fronting the grandstand by the
Japanese athletes, the Three Livers, the
educated ponies and the colored quar-
tette filled up all the gaps of time in the
afternoon and the spectators and auditors
were always glad to see any of these
appear before them on the platform.
The card at to-day's fair meeting com-
bined three events that drew 12,000 visi-
tors.

CLOSE OF WINDSOR FAIR.

Large Attendance and Races of the One,
Two, Three Order.

Windsor, Aug. 30.—The Windsor fair
closed to-day with a large attendance
and a good exhibition. A special feature
was the judging of Morgan horses, con-
forming most truly to the old Morgan
type. There were a large number of en-
tries in the driving classes, tandem and
four-in-hand. The races were not very
sharp contested, being of the one, two
three order. The summary:

CLOSE OF SUCCESSFUL ADDISON CO. FAIR.

Conservative Estimate Places Attend-
ance for Last Three Days at 25,000—
Hase Ball Game and Races.

Middlebury, Aug. 31.—This was the
fourth and last day of the sixty-second
annual fair of the Addison county fair,
and again there was a great crowd
present. When the races began this af-
ternoon there were from 7,000 to 8,000 peo-
ple on the grounds. Among them were
several hundred children, it being called
children's day and admission being free
to every child in the schools of Vermont.
So the attendance for the past three
days exceeded, at a moderate esti-
mate, 25,000.

There was only one general event on
the morning's programme, a game of
ball between the Middlebury high school
and Proctor teams. This feature attract-
ed the greater part of the crowd, but was
interesting only in spots, as the Proctor
boys were too strong for the Middle-
bury club and beat them 7 to 0, in a
full game.

This afternoon there was not much go-
ing on aside from the races and the
amusement programme of continuous per-
formances. Previous to the races there
was the final parade of all the live stock
on the track and many of the blue rib-
bons were shown and announced indi-
vidually between the heats.

Charles H. Taylor, the centenarian
White River Junction trainer and driver,
again got on the sulky and drove his
pacer a half mile exhibition heat in 1:10.

RABBIT HUNTER INJURED.
Montpelier, Sept. 2.—While hunting
rabbits at Lanesboro this afternoon
Augustus Conno of this city accident-
ally discharged his rifle and the ball
went through the fleshy part of his
right leg above the knee. He was
brought to Montpelier this evening on
a freight train and taken to Heaton
hospital where his wound was dressed.
Conno lost a good deal of blood but
the wound will not permanently injure
his leg.

FOSTER AND PALMER SPEAK.
Huntington, Sept. 2.—A very enthusiastic
republican rally was held in this town
last night, the hall being packed to its ut-
most capacity. Rousing campaign speeches
were made by the Hon. C. S. Palmer and
Congressman D. J. Foster of Burlington,
both of whom gave clear and convincing
arguments for the continuance of a
straight republican administration in State
affairs. The Hon. O. J. Tomlinson presided.

MANY BARN BURN

Six Destroyed on the Recently
Purchased Farm of Dr. Mound
in Fair Haven.

STARTED BY GASOLINE PUMP

Several Head of Cattle Perished and
Large Supply of Farming Tools
Lost—Fire Spread to the Eaton
Farm and Two Buildings
—Loss about \$10,000.

Rutland, Sept. 2.—Fire caused by
the explosion of a gasoline pump-
ing apparatus destroyed six large barns
Saturday afternoon on a farm in Fair
Haven recently purchased by Dr.
Thomas Mound of this city. Dr.
Mound and family were occupying the
farm for the summer and by strenuous
work they succeeded in saving the house.

The pump was so situated that the
hay caught fire and the destruction
was rapid as several of the buildings
contained the season's crop. Several
head of cattle also perished and farm-
ing tools were also destroyed.
The flames spread to the Eaton
farm across the road and two buildings
on it were destroyed. The loss will
be close to \$10,000.

HAD NARROW ESCAPE.

A Rutland Breukman Has a Remark-
able Escape from Death.

Rutland, Sept. 2.—Thomas B. McGowan
of this city, a Rutland railroad brake-
man, with rare presence of mind saved
himself from being ground to bits under
a string of freight cars at Brandon yes-
terday. While performing his duties Mc-
Gowan fell between moving cars and just
in the nick of time he flattened himself
between the rails lying close to the ground
until the entire train had passed over
him. He was injured about the back and
ribs but it is believed that he will re-
cover. McGowan was brought to Rutland
in a special train.

SCREAMED AT POLICEMAN.

Residents of Grand View, Hillside, Sil-
ver streets and Imperial avenue, Benning-
ton, were aroused about one o'clock the
other morning by screams apparently
coming from a woman, and near by
thoughts of burglars or some night ma-
raders were uppermost in the mind of
many. The cause became known this
morning. Mrs. M. J. Beiden was awak-
ened from sleep by noise that she con-
sidered suspicious and going to a window
to look out saw a man moving around the
house. She quickly and loudly gave an
alarm. Investigation showed that a po-
liceman had been around the house.

Practical Painters.
It's sound sense that we tell you.
Your work costs less dollars and is best
every time you use the L. & M. Paint.
You do more painting with one gallon of
L. & M. than with two gallons of other
paints and the L. & M. Zinc hinders the

HIS SECOND OFFENCE.

Finnegan Had Been Out of Jail Only
a Few Days.

John Finnegan was before Justice F.
G. Webster Thursday, charged with in-
toxication. He has been out of jail only
a few days and therefore it was a second
offense. He pleaded guilty and was fined
\$5 and costs, the alternate sentence be-
ing 60 days in the House of Correction,
which he will serve.
It was necessary for Finnegan to dis-
close and he told a story of meeting Ed-
ward Champagne on the lake front. Fin-
negan had money and Champagne could
buy liquor. A deal was fixed up whereby
Champagne got some alcohol and that
was reduced with water and disposed of
in the usual way. Champagne left for
his New York home on the boat and Fin-
negan was arrested.

TRAVELING MEN CELEBRATE

Members of Burlington Council, U. C.
T., Had Outing Saturday.

The members of Burlington Council,
No. 231, United Commercial Travelers,
and their lady friends had an outing
Saturday at Missalquo park. The day
was fine and the list of sports contrib-
uted rare fun. The sports were not
confined to the men alone and the con-
test between women throwing a base
ball and the one in which they attempt-
ed to drive nails were amusing. The
common saying that a ball thrown by a
woman always goes in a direction con-
trary to the one she intended was re-
futed by the ladies who won prizes
Saturday. Those who drove nails
sometimes hit the nail and some-
times they did not but they ac-
complished their purpose in the end.

For the men a series of races had
been arranged and a base ball game
was played. The unmarried men show-
ed their superiority over the benedi-
cted by winning out by a score of 11 to 9 in
a game lasting three innings. The
infield of the unmarried men was not
exactly the stone wall which was pre-
sented by Burlington's pennant win-
ning team, but it was good enough
and the outfield contributed features
that were never seen in the league
team. The married men played ball
all the time the game was on but
things did not come their way.

The party numbered about 200 people
and they left this city shortly after
nine o'clock in the morning, returning
in the early evening. The winners in
the sports were as follows:
100 yards dash, first, Martin; sec-
ond, Russell; third, Cheney.

100 yards dash for fat men—First,
Allen; second, Stone; third, Gravel.
Three-legged race, first, Allen and
Stone; second, Russell and Blissette;
third, Martin and Cheney.

Shoe race—First, Martin; second,
Miller; third, Russell.
50 yards dash for ladies—First, Mrs.
Goodwin; second, Miss Ripley; third,
Mrs. Kimball.
Throwing base ball (ladies)—First,
Miss Smith; second, Mrs. Goodwin;
third, Mrs. Revere.

Two-of-was—Won by team under
George Allen as captain.

Naïl driving contest for women—Won
by Mrs. M. E. Sordanger.

LETTER TO NELSON BERO.

Burlington.

Dear Sir: You know, diamonds don't
cost by size. So with paint.
We make paint one gallon of which
goes as far as two of another and lasts
twice as long; that four to one ratio.
You know it is true in diamonds; they
don't go by the gallon, do they?
If you're going to paint your house,
you go first to your painter and say:
"I'm going to paint; do you want the
job? and what'll it cost?"

If he happens to know, he'll say:
"Depends on the paint." Can do it for
somewhere about \$30 or \$50, whichever
you like. \$50 will make a good job; \$20
a poor one.

And you, if you happen to have your
wits, "I say: 'I'll take the good one,
when'll you do it?"
Painters ought, all, to know about
paint; and jewelers ought to be able
to get a good job. We do what we can
to help both.

One gallon Devco is better than two
of average paint, goes as far—that is,
your house with two gallons of Devco
Devco and 40 of average paint—and Devco
will wear a long time; the life of average
paint is very uncertain, it may be a year,
it may be five.

Why is it that painters don't know
about paint? Do jewelers know about dia-
monds? They know more than they tell
sometimes. There are painters and paint-
ers; so there are jewelers; so there is
Devco, and the best-gallop paint is
Devco.

Yours truly,
F. W. DEVCO & CO.

P. S. The G. S. Blodgett Co. sell our paint.

Doctors Are Puzzled.

The remarkable recovery of Kenneth
Melver of Vancouver, Me., is the subject
of much interest to the medical fraternity
and a wide circle of friends. He says of
his case: "Owing to severe inflammation
of the throat and congestion of the lungs,
three doctors gave me up to die, when, as
a last resort, I was induced to try Dr.

BRIDE SENT TO WINDSOR.

Sentence of Two and a Half Years
Handed Out to Lena Bombard.

Lena Bombard, young handsome, and al-
most too youthful in appearance to sug-
gest a bride, was Friday sentenced by
Judge Mower to serve not less than two
and not more than two and one-half years
in the State's prison at Windsor. Her sen-
tence had been postponed from Wednesday
because her husband had expressed a wish
to be in court. He arrived from Willis-
ton Friday but did not reach the court
until just after sentence had been
pronounced. He took the matter calmly
and had little to say to his wife.
Lena did not receive as severe a sen-
tence as that given to Joseph Bombard,
with whom she was arrested, having six
months less to serve. They will both be
taken to Windsor to-morrow. Lena had
been married but a short time when the
trouble with her father-in-law came about.
Although the elder Bombard had been
warned that his actions would lead to
trouble, he did not desist and his arrest
followed.

NEW STATE SECRETARY.

Louis Hieb of New Jersey To Succeed
F. S. Morrison in U. C. A. Work.

At the special meeting of the Vermont
State executive committee of the U. C. A.
held Thursday afternoon at the build-
ing of the local association, the resigna-
tion of F. S. Morrison, State field secre-
tary, was accepted and Louis Hieb of New
Jersey was elected to fill the vacancy.
Mr. Hieb has been engaged in associa-
tion work for many years and comes to
Vermont highly recommended. He was at
one time secretary for several years of
the Colombo, Ceylon, association and is
now county secretary for Burlington
county, New Jersey. He has a wife and
two children and will move his family to
Vermont about September 15. He will be-
gin his work as field secretary, with head-
quarters in this city, at once. Mr. Morrison
leaves for his new work as railroad secre-
tary for northern New York, which will
be some time later.
